The Magical Hour is a breathtaking DVD aimed at prospective parents. Perfect for birthing classes, lactation consultants, and anyone interested in implementing skin to skin in the first hour, this beautifully crafted DVD is sure to inspire parents and make them think seriously about skin to skin in the first hour. It has been well documented that skin to skin in the first hour is crucial in establishing breastfeeding and creating a priceless bond between mother and newborn baby. This new DVD asks parents who have experienced skin to skin to share their thoughts and feelings about what this magical first hour of life meant for them and their child. International in scope, it will give parents a realistic view of what it really means to spend that first hour in direct uninterrupted contact with the new life they have been given. *By Kajsa Brimdyr, PhD with Ann-Marie Widström, PhD, RN, MTD and Lars Ake Hanson, MD, PhD DVD, 2011, 30 minutes, \$39.00, Quantity Discounts available*

A wonderful tool for parents or professionals. This DVD, which includes the role of the father, is based on the scientific results in midwifery research carried out at Karolinska Institute in Stockholm Sweden. In French and English.
